2016-17 WIAA FALL WORKSHOP
FALL WORKSHOP

• WIAA Executive Board
• WIAA District Directors
• WIAA District Eligibility Committee
• Additional Presenters
• Please introduce yourself, school, position, and how many years you have been in your position
A League or WIAA District Board, or the WIAA Executive Board may restrict a team from post season play. However, once the post season competition has begun, only the WIAA Executive Board may remove that team from competition.

Charter schools and Tribal schools have been considered the same as private schools with no defined boundaries.
17.31.0 SUPERVISION OF TEAM/CONTEST - During the sport season, all team/contestant activity (designated practice, turnouts, games, meets, playoffs) shall be under the supervision of a school district staff member.

17.32.0 CROWD CONTROL RESPONSIBILITY - Member schools are obligated to maintain proper crowd control at all interscholastic activities. The WIAA Executive Board shall have full authority to penalize any member school whose representatives or spectators may be adjudged, upon evidence presented, to have violated these obligations. The Association shall have no responsibility for crowd control or for the actions of school representatives.
• During the Fall of 2015, AED’s became a requirement for all WIAA State sites.
• The use of unmanned aerial vehicles ("UAV"), also known as drones, is prohibited for any purpose by any persons at WIAA tournament venues.
Games Committees:

Each Event Manager shall appoint and name a Games Committee for all postseason contests. The Games Committee will be on site or readily accessible by phone for all postseason qualifying and/or state contests. Participating coaches will be informed of the process and makeup of the Games Committee prior to each postseason event.
Duties of the Games Committee shall be as follows:

Assist the tournament director as needed and be immediately available to him/her at all times during the event.

Act as an arbitration board of dispute on questions or protests that might arise. The final decision will be the consensus of the Games Committee.

Questions concerning infractions may be brought to the Games Committee by the head coach or school administrator responsible for the team, not by a contestant, parent or spectator.

The Games Committee shall be composed of no fewer than three, nor more than five, members.
Games committee members will include:

1) The event manager or designee
2) The head official
3) A coach, athletic director or school administrator; and may include
4) The official scorekeeper or
5) Another event staff member

The Games Committee members may not have a conflict of interest with the teams/individuals involved with the game under dispute.
Changes to the Draw criteria that will take effect in fall 2016:

Any districts that combine, whether by combination or by glue, will retain their true #1 teams for purposes of the draw.

Removed from Draw Criteria:

If a district has five or more allocations, the #5, #6, etc. teams will go into the draw as potential opponents for its #1 team.
The strength of the WIAA lies in the willingness and ability of the membership to support the rules and regulations adopted and, if necessary, to support the penalties placed upon members, if it is determined that those same rules and regulations have been violated.
All member school districts of the Association must comply with the rules as stipulated in the Association’s Constitution and Rules and Regulations for interscholastic programs.

Failure to adhere to the Rules and Regulations of the Association are grounds for imposing the penalties outlined in article 28.8.0 regarding rule violations and penalties of the Association Handbook.
Each member school has a responsibility to educate its student-athletes, coaches, and other appropriate persons on State Association rules, regulations, and policies that could affect them. Further, each member school should monitor its compliance with such State Association information.
Unethical conduct by a prospective or enrolled student-athlete or a current or former staff member, which includes any individual who performs work for the athletics department, even if he or she does not receive compensation for such work, may include, but is not limited to, the following:

A. Refusal to furnish information relevant to an investigation of a possible violation of a WIAA regulation when requested to do so by the WIAA or the individual's school;

B. Knowing involvement in arranging for fraudulent academic credit or false transcripts for a prospective or an enrolled student-athlete;

C. Knowing involvement in offering or providing a prospective or an enrolled student-athlete an improper inducement or extra benefit or improper financial aid;

D. Knowingly furnishing or knowingly influencing others to furnish the WIAA or the individual's school false or misleading information concerning an individual's involvement in or knowledge of matters relevant to a possible violation of a WIAA regulation;
E. Receipt of benefits by a school staff member for facilitating or arranging a meeting between a student-athlete and an agent, financial advisor or a representative of an agent or advisor (e.g., "runner");

F. Failure to provide complete and accurate information to the WIAA, the WIAA Eligibility Committee or a school’s admissions office regarding an individual's academic record (e.g., schools attended, completion of coursework, grades and test scores);

G. Fraudulence or misconduct in connection with placement examinations;

H. Engaging in any athletics competition under an assumed name or with intent to otherwise deceive; or

I. Failure to provide complete and accurate information to the WIAA, the WIAA Eligibility Committee or the school's athletics department regarding an individual's amateur status.

WIAA / WSSAAA ATHLETIC DIRECTOR TOOLBOX

New WIAA/WSSAAA Mentoring Program for New Athletic Directors

The WIAA and WSSAAA have teamed up to offer new AD’s access to the information they need to be successful.

The new WIAA/WSSAAA Toolbox website will offer new and veteran ADs access to some of their best handouts, advice, spread sheets, and presentation documents so they do not have to re-invent these documents from scratch. There are game day checklist to make sure you don’t miss something for your first home football game, as well as spreadsheets to help you get through the annual budget process.

Additionally, we will be offering 8 online webinars to new athletic directors across the state during the course of the school year. The information presented on the webinars will be accessible to all new AD’s live on the webinar dates and free of charge. In addition, all sessions will be recorded and stored on the WSSAAA website where members

ELIGIBILITY

2016-17 FALL WORKSHOP
A transfer student that does not meet the WIAA transfer student requirements will have JV eligibility for one (1) year in specific sports in which they have participated the year before.

EXCEPTION

- Rule 18.26.3.A A transferring student has not participated at the school level or club/community equivalent in that sport for one year prior to his /her transfer.
- Rule 18.11.3 A student attending a member school for one (1) calendar year or more is eligible in the same school/school district during subsequent attendance, so long as the enrollment/attendance is continuous.

Please use the Previous School Statement Form 6 Part 1 found at:

WIAA.COM < Publications < Forms < Eligibility
• It is the responsibility of the Athletic Administrator to inform the student and parent/guardian if the eligibility criteria has not been met.

• The school-appointed AD of the WIAA member school determines athletic eligibility of students in their school. The ineligible athlete will be given Form 2 of the Eligibility Packet as a method of documenting the interaction and providing guidance for possible appeal. The AD will put a copy of Form 2 in the student’s file for future reference.

• Students have the right to appeal this decision and request the appeal documentation from the school's AD. The family has three (3) business/school days to request a hearing for an appeal after being informed of their eligibility status. It is the responsibility of the AD to guide the student and parent/guardian through the appeal paperwork.

• The appeal paperwork must be signed by both the AD and the family. It is critical that all paperwork turned into the District Eligibility Chairperson is completed and accurate. It is the responsibility of the AD to direct this procedure.

• Appeals for eligibility can only be heard prior to the season in which the student-athlete is requesting the waiver.
All the paperwork is found on the WIAA website here:

WIAA.COM < Publications < Forms < Eligibility

This information is updated frequently. Print out this information as needed.

• Guide to Student Athletic Eligibility (information pamphlet)
• Student Eligibility Packet (District Appeal)
• Appeal Forms and Procedure (Appeal of the District Eligibility Committee Decision)
It is not the responsibility of the District Eligibility Committee to track down information, contact someone else to get the whole story, search out more information, etc.

The AD is responsible for turning in a complete packet.

Appeals are processed in the order they are submitted.

It is the applicant’s responsibility to present the information in detail.

Is the applicant in need of an spokesman/advocate to attend?

Describe the process to the applicant. Let them know what to expect.

Please provide the applicant with a copy of their completed Student Eligibility Packet.
An application is not considered completed until it has been received, is correct, and complete and is ready for review.

- Hardship Determinations
- Signed Statements
- Documentation
- More is Better
- Circumstances Solely and Directly Leading to the Hardship
• The committee has five (5) business/school days to make its decision.
• The committee chairperson will contact the AD with the decision.
• Next, an official notice will be sent to the student.
• Once the decision is shared with the AD, the AD is required to contact the student and parents/guardians and advise them of their eligibility status and possible next steps.
Students can appeal the decision of the WIAA District Eligibility Committee.

The student will receive appeal procedure information with the WIAA District Eligibility Committee decision.

Any appeal to the WIAA Executive Director shall be based on alleged errors from the WIAA District-level hearing or additional relevant evidence that was not presented at the WIAA District Eligibility hearing.

An appeal of the District decision requires the student and parents/guardians to fill out the appeal form and send it to the WIAA office within ten (10) business/school days of being notified of the District decision.
The appeal for a State-level hearing must be based on new information that was not provided at the District-level hearing or an error in the proceedings. The District decision will not be overturned unless the student is able to supply new information or submit documentation substantiating their claim of a hardship.

The WIAA office must be notified seven days prior to the hearing if an attorney will be present.

The following written information must accompany a NOTICE OF APPEAL:

- A copy of the written decision of the District Eligibility Committee.
- A written explanation of the specific error(s) and/or additional information claimed by the petitioner/appellant that form the basis of the subject appeal.
- A current school transcript.
- A fifth year student must provide a written graduation plan (Form 7) signed by the school principal/counselor.
2B schools with enrollment of 104 and below may utilize eighth graders for any high school program.

2B schools with enrollment of 105 or higher could apply for a waiver after the season begins and must include the following:

- League must support the request
- Would be to save a varsity team sport program only
- Participation numbers must be verified after the season begins
- School must document what efforts were put forth to encourage students to participate in that sport
• Conduct resulting in ejection or disqualification from an interscholastic contest administered by game officials, coaches, or school administrators shall result in the following:

• When a student is ejected, the coach continues to be responsible for the student. The student shall remain with the team.

• When a coach or other adult school representative is ejected, the coach or other adult school representative must vacate the playing area (gymnasium, field, and stadium).

• If a head coach is ejected, an assistant coach or any school district personnel authorized to supervise students may assume the head coaching responsibilities for the remainder of the contest. If no other school district personnel are on site, the contest will be terminated and a forfeiture declared. The first ejection of the season shall result, at a minimum, in the ejected person (student, coach, other school representative) being ineligible until after the next school contest in that sport at the same level of competition from which the person was ejected.
• The school principal/designee is required to submit an ejection report online to the WIAA office within 24 hours following the completion of the contest in which the ejection occurred.

• The school report is a requirement for all ejections. When submitted, it is automatically sent to the WIAA office and to your District Director.

• Please do not wait for the WOA report to arrive at your school. Send your report as soon as possible.
BOYS SOCCER

An ejection in boys soccer due to violent conduct or abusive language shall result in a suspension of three (3) matches.

1. Violent conduct is defined as the commission of a violent act against an opponent, official, spectator, teammate, or other individual(s) when the ball is in or out of play.

2. Abusive language is defined as harsh or insulting language or profanity directed towards another individual.
Despite baseball being put “on notice” to reduce the number of coaches ejections in baseball due to inappropriate conduct, foul and vulgar language, the number actually increased this year from 36 to 44.

The WIAA Executive Board is considering a more restrictive penalty for coaches ejected.
17.5.8D.2 - Allows a coach, on an annual basis, to coach individuals invited to participate in a national championship event with conditions determined by the Association.
ALLOCATIONS

2016-17 FALL WORKSHOP
2016-18 ALLOCATION CYCLE

• Allocation process will remain on a two year cycle
  
  Fall: October

  Winter: January

  Spring: April

• Pre-Approval of 2A, 3A & 4A Team Sports
• Three Week window – Fall (Five Week window for Cross Country)
• Two Week window – Winter and Spring
• Fall Golf and Tennis: Allocations finalized in SPRING

WHAT IS THE TWO, THREE OR FIVE WEEK WINDOW?

At the start of the two-year allocation cycle, adjustments are made to allocations during the first Two, Three or Five weeks of each sports season. (Fall: 3 or 5, Winter and Spring 2)

Schools can add or delete a sport
WHAT IS THE TEAM DEFINITION FOR INDIVIDUAL SPORTS?

The individual sports have a minimum number of participants required in order for the school to be included in the total school count for allocation purposes in its classification. The minimum count is taken any time during the first three weeks of the sports season for that sport during the first year of the allocation cycle. The WIAA District Directors are responsible for gathering information from the member schools.

- Bowling  5
- Cross Country  5
- Golf  5
- Gymnastics  5
- Swimming & Diving  4
- Tennis  3
- Track & Field  5
- Wrestling (Boys & Girls)  8
A “healthy culture challenge” will be issued to each league. The “challenge” to each will be as follows:

1. To develop a sportsmanship plan that:
   a. Is sustainable
   b. Is focused (easy to develop, understand, implement, and monitor/evaluate)
   c. Includes all stakeholders and is student driven
   d. Considers other league and state level competition
   e. Is built around positive elements, comments, cheer, and actions (“Just Play Fair!” document attached)
   f. Utilizes common language

2. To create ways to recognize and celebrate successes, at league, WIAA district and state levels

3. To be purposeful by including all aspects of a schools activities programs.
The committee met on May 1 to review the current State Basketball Tournament format and brainstorm alternatives. In addition to the current format, the Committee presented two alternative models to the WIAA Executive Board.

Options A, B and C were sent to all coaches, athletic directors, principals and superintendents in July and again on August 1.

A survey was sent to the same individuals on August 15. That survey will close on September 15. The purpose of the survey is to seek input from the membership regarding potential changes to the format and an RPI. This information combined with several other factors will help the basketball committee formulate a recommendation to the WIAA Executive Board.
OPTION A – 1B and 2B

16 teams per gender, per classification

Rounds 1 and 2 will be single elimination played over a 3 day period

1B and 2B on Tuesday and Wednesday at the Yakima Valley SunDome

1B and 2B final eight will play on Thursday (single elimination), Friday and Saturday at the Spokane Arena in week 2.
OPTION A – 1A and 2A

16 teams per gender, per classification

1A and 2A on Thursday and Friday at the Yakima Valley SunDome; winners play on Saturday

1A final four will play on Friday and Saturday at the Spokane Arena in week 2.

2A final four will play on Friday and Saturday at the Tacoma Dome in week 2.
OPTION A – 3A and 4A

16 teams per gender, per classification

Rounds 1 and 2 will be single elimination played over a 3 day period at the Tacoma Dome.

3A and 4A A final four will play on Friday and Saturday at the Tacoma Dome in week 2.
OPTION B – All classifications
16 teams per gender, per classification

16 teams will play at regional sites during Friday or Saturday of week 1.

12 teams will play at the final sites, Thursday, Friday and Saturday of week 2.

1B and 2B at the Spokane Arena
1A and 2A at the Yakima Valley SunDome
3A and 4A at the Tacoma Dome
OPTION C – All classifications
16 teams per gender, per classification

16 teams will play at regional sites during Friday or Saturday of week 1.

8 teams will play at the final sites, Friday and Saturday of week 2.

1B and 2B at the Spokane Arena
1A and 2A at the Yakima Valley SunDome
3A and 4A at the Tacoma Dome
Should a rating percentage index (RPI) be used to seed the teams into the State Basketball Tournaments after all teams have qualified through their District Tournaments?

If supported by the membership, a committee will be formed to determine the parameters, the formula to be used, and the score reporting process. If supported by the membership, the RPI has the potential to be applied to all Association sports.

TRAINING
2016-17 FALL WORKSHOP
Beginning with the 2016 season, all football coaches (high school and middle school) must be trained in Concussion Management, Sudden Cardiac Arrest, Heat Illness and Hydration, Helmet/Shoulder Fitting and Safer Blocking and Tackling Techniques.

WIAA rule 20.3.1 F requires football coaches to receive this training at least once every three years.
CERTIFIED COACHES

• Each team must have a stunt certified coach on site during practice and competition in order for an athlete(s) to be eligible to stunt.

• Each team must have a certified pole vault coach on site during practice and competition in order for an athlete(s) to be eligible to participate in pole vault.

• Each team must have a certified swim coach on site during practice and competition in order for an athlete(s) to be eligible to participate in swimming.

• Each team must have a certified dive coach on site during practice and competition in order for an athlete(s) to be eligible to participate in diving.
The Sudden Cardiac Arrest Awareness legislation follows the same template used for Concussion Management.

Coaches must be trained, Parents and Athletes must be informed and schools should have an emergency action plan (EAP) in place.

Other non-profit youth sports groups that request the use of school facilities must provide documentation showing they are in compliance with the law.
A representative from each member high school is required annually to complete the WIAA online eligibility clinic by the end of the third week of the fall sports season.
UW Medicine Sports Health and Safety Institute is providing a new, additional educational service that delivers more extensive Sports Health Training to help meet WIAA and State requirements for coaches.

- Training includes courses on: Concussions, Heat and Hydration, Sudden Cardiac Arrest and more
- Free to WIAA coaches
- Free clock hours available to coaches
