Practice Round

There is only one designated tournament practice round. The practice round is Monday, May 23, 2016. Specific start times of the practice rounds can be found in the coaches packet. Each player is expected to check in at the course prior to on the day of the practice round. Alternates and coaches are not automatically registered for the practice round. Schools must call in advance to see if there is room for alternates and coaches in the practice rounds. For additional practice rounds, schools may contact the courses for availability. Any expenses involved will be paid by the school/individuals practicing on the course.

Entries/Allocations

Each WIAA District will qualify individual entries to the State Tournament. Allocations are based on 80 participants in a 16-entry tournament and 40 participants in an 8-entry tournament. Allocations in golf are made to the WIAA Districts. A school may qualify a maximum of 6 individuals for the state golf championships. If an alternate from a district is from a school with 6 entries he/she may only replace an athlete from his/her school.

Any ties for the last allocation must be resolved at the District level, i.e., sudden death playoff, etc.

Entries will be submitted by the District manager to the state tournament manager and will list the golfers in the order of their finish, with the best golfers listed as number one, second best listed as number two, etc. To be considered as an official entry, entries must be received or phoned to the tournament manager's office no later than the Monday prior to the tournament. A qualifier(s), in addition to District allocations, by virtue of meeting the minimum standard must have his/her score card submitted along with District entry list. Entries must again be verified by the coach at the time of registration, which shall be no later than 30 minutes prior to the first tee off time.

Minimum Standards

Additional entries to State will be allowed for individuals who meet or exceed the minimum standard at the District Tournament, and who are not among the allocated qualifiers for that District.

Minimum standards are computed as follows:

1. For each tournament classification, average of third (3rd) place score of the three previous state tournaments.
2. From this number subtract the USGA course rating for this year's course.
3. This resulting differential is then added to the course rating of this year's District course to determine the minimum standard for that District.

For example: Assume the average in (1) above is 75.4. If the course rating of this year's course is 71.2, there is a differential of 4.2. If the course where District II golfers will qualify has a rating of 69.9, then the minimum standard for District II would be 74.1 (69.9 + 4.2). A District qualifying on a course rated 68 would have a minimum standard of 72.2 (68 + 4.2).

Faculty Representative

The golf coach or a school faculty representative must accompany all participating golfers to the State Meet. This coach or representative must stay at the course site until the team or school individuals have completed play. Ties - If there is a tie following the preliminary round for the final place to qualify for the final rounds, all players will qualify for the final round.

Team Championship

Determined by the combined scores of two or more players from the same school who play the entire 36 hole tournament. One player does not constitute a team.

Scoring – 80-entry Tournament

Team and individual medalist winners will be determined based upon the number of holes played. Scoring for the 80-entry tournament will be as follows: 1st place 50 team points; 2nd place 45 team points; 3rd - 40 team points; 4th - 38 team points; 5th - 36 team points; then each descending place receives one less point. For instance, 25th place - 16 points, 40th place and ties - one point. Only those qualifying for the second round of play will be eligible for points.

Scoring – 40-entry Tournament

1st place 30 team points; 2nd place 25 team points; 3rd - 20 team points; 4th - 18 team points; 5th - 16 team points; then each descending place receives one less point. For instance, 13th place - 8 points, 20th place and ties - one point. Only those qualifying for the second round of play will be eligible for points.

Ties will be resolved by sharing the points in the places affected. For instance, if there is a three-way tie for second, each player would receive 41 points ($\frac{1}{3}$ of $45 + 40 + 38$). Next place would be 5th.

Awards

In case of a tie, the appropriate awards will be awarded which may result in co-champions.

Ties for Individual Medalist Awards

In the event of a tie for 1st place medalist honors, there will be a playoff. Team points will be awarded prior to the playoff utilizing the sharing system defined above. The playoff will be a "sudden death" and additional holes will be played until the tie or ties are broken. The tournament manager will appoint a neutral person to officially accompany the playoff contestants. This person could be a coach not associated with the school of the players. The tournament manager will determine which holes are to be played in the event a playoff is necessary. If there is a tie for places 2 through 16, like awards will be given. In no event will more than sixteen individual medals be awarded unless there is a tie for the last position.
