

Dear Administrators, Athletic Directors, Coaches, and Students:

Greetings from the WIAA Executive Board and Staff!

Please meet the WIAA's new middle level sportsmanship program titled "Give Me Five" (Sportsmanship, Respect, Honor, Citizenship, Courage).

In the next two weeks WIAA member schools will be receiving a banner as well as information that has been designed by the middle level sportsmanship committee to allow all member schools to develop a program that promotes the educational value of school activities. We all share a common bond when it comes to promoting the value of school programs. While recognizing that each school and community have unique needs, the "Give Me Five" program has been developed to encourage member schools to link with each other to celebrate, practice, and promote the positive attributes of our activities programs.

The WIAA staff pledge their assistance to all member schools in the effort to make sportsmanship and citizenship the #1 priority for our activity programs.

The information you will be receiving and the WIAA website resources will help lay the foundation and assist all schools in taking sportsmanship and citizenship to a higher level.

Let's raise the bar together! "GIVE ME FIVE"

A handwritten signature in black ink that reads "Mike Colbrese".

Mike Colbrese
WIAA Executive Director
