In the case of multiple contests at a single site, game times will be 1pm and 4pm for two games, 1pm 4pm and 7pm for three games. The visiting team with the furthest to travel will have choice of game time.

The Games Committee shall be composed of no fewer than three, nor more than five members, for each classification contest. Each WIAA District is to develop and adopt a policy granting authority for the final decision regarding postponement to be that of the District Games Committee during the first and second round play-off contests. Postponed games shall be played only on listed sites unless otherwise mutually agreed upon by both involved WIAA Districts.

Procedure for Selection of Semifinals and Finals Sites

1. Sites for semifinals and finals will be set by the WIAA. The authorization and responsibility to change sites, if conditions are unsafe, may be required of a participating school. The WIAA Executive Director shall have final decision-making authority.
2. Postponement of games will be impacted by a school district's decision to not travel due to safety conditions. Forfeiture should not be a consequence if possible.

Notification to Participating Teams

All participating teams shall be notified prior to the playing of first round games of the site of the second round games should that team win. After the First Round, teams that are still in contention will be notified by Friday noon of the quarterfinal weekend as to the site, or potential sites, that their semifinal game will be held. Most semifinal games will be played on Saturday unless mutually agreed upon by the WIAA Districts to play on Friday.

Selection of Game Manager (First Round, Quarterfinals)

When the game is being played on the home field of one of the participating schools, the game manager shall be the athletic director of the home school. If there is seating on only one side of the field, the manager is instructed to determine seating. The WIAA office will select all semifinal game managers.

Equal Facilities - Field Phones, etc.

Equal facilities for the teams must be provided. Participating schools must provide their own set of head phones if none are available at the site.

quarterfinals, the following procedures will be followed: Officials for first round and quarterfinal games will be chosen from each WIAA District involved, unless the participating WIAA Districts mutually agree to use officials from the nearest neutral association. The officials selected will be chosen from the WIAA District Director's list of top rated officials obtained by a survey of all WIAA District schools.

Selection of officials for Semifinals and Finals

The WIAA office will select and assign the officials for these games.

WIAA State Football/Soccer Draw Criteria

1. Due to the desire to prevent teams from travelling across the mountains, westside and eastside teams shall not meet until the finals when possible.
 - a. During each year of a two-year allocation cycle, districts from either the west side or the east side of the mountains will be rotated to determine which district(s) will travel across the mountains to play in the first round, quarterfinals or semifinals.
 - b. The team with the lowest seed from the traveling district(s) will be selected to travel.
2. The eastside teams will be placed in the same quarter and/or half bracket when possible.
3. The "true" #1 teams from each WIAA District will be drawn first to determine in which half bracket they will be drawn, with an equal number or "true" #1 teams in each half bracket when possible.
 - a. If there are four (4) or fewer "true" #1 teams, they will be drawn into different quarter brackets, when possible. The "true" #1 teams will be drawn into the bottom line of each quarter bracket, to maintain home team position in the bracket.
4. Draw #1 teams from each district as home team for the first round games.
 - a. If there are fewer than the required number of #1 teams, the #2 and possibly #3 team from the district(s) with the largest school factor will be used to complete the required first round "home" teams and placed in the opposite half bracket from their district's #1 team when possible.
 - b. If there is a tie in the school factor between districts for additional #1 teams, the greater enrollment of the schools of the district shall determine the tiebreaker for the first year of the allocation cycle. The other district involved in the tie will receive the additional #1 team the second year.
 - c. If there are more than the required number of #1 teams a draw will be conducted to determine which quarter bracket will have two #1 teams.
5. Westside districts with two or more entries shall have their #2 teams placed in opposite half brackets or quarter bracket from their #1 team when possible.
6. Should a district's #1 and #2 teams be drawn in the same half bracket the following year that district's #1 and #2 will be drawn in two different half brackets when possible. Should teams from the same two districts be drawn against each other the highest ranked team from one district shall be placed in the same contest with the lowest from the other district when possible.
 - a. When a Westside district has more than 2 entries, the following should be in the same ½ bracket when possible:
 - 3 entries: #2 and #3 in same ½ brackets
 - With four (4) or more entries, #1 and #4 will be drawn into the same half bracket; #2 and #3 will be drawn into the same half bracket; any additional allocations may be

drawn into either half bracket with an even number in each half bracket when possible.

7. Remaining teams will be drawn so that teams from the same district will not play each other during the first and the second round when possible.
8. The home district team shall be rotated so that each WIAA District has an opportunity to be a home team in the quarterfinals when possible.
